

April 21, 2022
PA State House District – 12
Primary Election – May 17, 2022

Ms. Stephenie Scialabba
931 Twilight Street
Cranberry Township, PA 16066

Race: 12th State House District

Dear Ms. Scialabba:

Please be advised that FOAC is Recommending you for the office of Pennsylvania State House in the 12th PA District in the 2022 Pennsylvania Primary Election to be held May 17, 2022.

As you are aware, our organization is dedicated to a strong, independent and constitutionally sound government. We believe this is essential for our Republic to flourish, especially in these trying times. It is our goal to assist in this process by helping to elect responsible leaders. Based on an in-depth examination of your background, as well as our lengthy personal interview, we believe you will pro-actively support your ‘oath of office’ to support, obey and defend the Constitution of the United States and that you will discharge the duties of your office with fidelity and honor.

Your name is now on our Primary Election Voter’s Guide dedicated to this race. FOAC has posted our Voter’s Guides on our web site (www.foac-pac.org) and will distribute the Voter’s Guide throughout the 12th Pennsylvania State House District.

In addition to our voter guide distribution, we have an extensive database of pro-second amendment supporters that can be accessed for mailings on your behalf. We are able to target FFL dealers, sportsmen’s clubs, and many other pro-second amendment organizations and individuals. While we do NOT share the individual gun owner database, we do work with campaigns on arrangements for targeted mailings with mutually agreeable messages.

This letter is your authorization to publicize our 2022 Primary Election Recommendation to any and all media sources, groups, and individuals as you deem appropriate. We, at Firearms Owners Against Crime, wish your team good fortune in the upcoming election and look forward to working with you, and them, in the future on issues of mutual concern.

Best regards,

Herb Ohliger, President
